

S4

The fuel consumption and CO<sub>2</sub> emission figures can be found on page 14.  
Some of the equipment illustrated or described is optional equipment for which an extra charge is made.  
Please contact your Audi partner or visit [www.audi.com](http://www.audi.com) for detailed information about standard and optional equipment.

Many people rely on first impressions.

**Yours is  
spot on.**

You don't get a second chance to make a first impression. In the Audi S4, there's nothing for you to worry about. Its clean design exudes dynamism and is inspiring at the very first glance. And the longer you look, the more you are drawn to it. To S-specific details that radiate all-round sports car character. From the sharper look at the front, including radiator protective grille with honeycomb structure in matt titanium black, to the characteristic rear.

Many people talk about inner values.

**You wear yours  
on the  
outside.**

Who says you can't see inner values? In the Audi S4, you can tell just from the interior that this is a true sports car. Its front S sport seats with S embossing promise excellent lateral support, even for dynamic driving. With the high-resolution Audi virtual cockpit as an option, featuring a 12.3-inch colour display in S-specific design. In sport mode, for example, with the rev counter in the centre. This is the key to creating a thrilling sports car atmosphere.

The fuel consumption and CO<sub>2</sub> emission figures can be found on page 14.  
Some of the equipment illustrated or described is optional equipment for which an extra charge is made.  
Please contact your Audi partner or visit [www.audi.com](http://www.audi.com) for detailed information about standard and optional equipment.

Whether you're driving it or simply looking at it – the Audi S4 will move you. Thanks to its exhilarating dynamism, which makes you feel like you're driving a sports car. And visual highlights such as cast aluminium wheels in 5-spoke V design (S design), contrasting grey, partly polished<sup>1</sup> and brake callipers painted red. Plus a black grained honeycomb grille at the rear and S diffuser in matt twilight grey. The S-specific dual-branch exhaust system in chrome, the illuminated door sill trims and the mounted rear spoiler on the saloon round off the athletic appearance in impressive style.

The fuel consumption and CO<sub>2</sub> emission figures can be found on page 14.

Please contact your Audi partner or visit [www.audi.com](http://www.audi.com) for detailed information about standard and optional equipment. <sup>1</sup> Please note the special information relating to wheels on page 14.

Many people are on the move.

**So are you –  
even when  
you're  
standing still.**

8

Sit back and enjoy the journey. Always knowing that you can take it up a notch. Thanks to the new 6-cylinder TDI engine, which offers spontaneous power delivery and impressive acceleration. With 255 kW from 0 to 100 km/h in 4.8 seconds.<sup>1</sup> High-class performance. Also thanks to quattro all-wheel drive. And an individual vehicle setup with Audi drive select. Both as standard. Plus the 8-speed tiptronic transmission for gear changes with virtually no break in propulsive power. Dynamism that doesn't let go of you. Forward thinking. From Audi.

The fuel consumption and CO<sub>2</sub> emission figures can be found on page 14.

more exclusivity. Now at [www.audi.com](http://www.audi.com).

**Take it  
before  
everyone else.**

Model	Audi S4 TDI quattro (255 kW)	
Transmission type	8-speed tiptronic	
Fuel consumption <sup>1</sup> in l/100 km	<b>Saloon</b>	<b>Avant</b>
urban	7.2	7.2
extra-urban	5.7-5.6	5.8-5.7
combined	6.3-6.2	6.3
CO <sub>2</sub> emissions <sup>1</sup> in g/km		
combined	164-163	166-165
Emission standard	EU6	EU6

### Classifications of tyre parameters

The table shows the ranges of fuel efficiency, wet grip and exterior noise emission classes for the different tyre sizes of the Audi S4 Saloon and the A6 S4 Avant.

	Tyre size	Fuel efficiency class	Wet grip class	Exterior noise emission class
Summer tyres	245/40 R 18	E-B	B-A	72-70 
	245/35 R 19	E	B-A	72-67  - 
	245/40 R 19	E	A	72 
Winter tyres	225/45 R 18	E-C	B	72-70 
	245/40 R 18	E-B	B	72 

It is not possible to order a specific tyre.

Ask your Audi partner about the range of tyres available in your country.

### Important note

**Special information about the wheels:** Wheels with gloss turned or gloss milled finish as well as polished or partly polished aluminium wheels must not be used in wintry road conditions. For manufacturing reasons, the rim surface does not have sufficient corrosion protection for such use and can be damaged permanently by road salt or similar.

Equipment for the Audi S4 Saloon illustrated (p. 2-11):

Paint finish: turbo blue

Wheels: cast aluminium wheels in 5-spoke V design (S design), contrasting grey, partly polished<sup>2</sup>

Seats/seat upholstery: S sport seats, front in fine Nappa leather, rotor grey with contrasting stitching in rock grey

Inlays: carbon Atlas

Other equipment: brake callipers painted red

Equipment of the Audi S4 Avant illustrated (p. 2-11):

Paint finish: Daytona grey, pearl effect

Wheels: cast aluminium wheels in 5-spoke V design (S design), contrasting grey, partly polished<sup>2</sup>

Seats/seat upholstery: S sport seats, front in fine Nappa leather, magma red with contrasting stitching in anthracite

Inlays: carbon Atlas

Other equipment: brake callipers painted red

## Explanatory notes

<sup>1</sup> The specified fuel consumption and emission data have been determined according to the measurement procedures prescribed by law. Since 1 September 2017, certain new vehicles are already being type-approved according to the Worldwide Harmonized Light Vehicles Test Procedure (WLTP), a more realistic test procedure for measuring fuel consumption and CO<sub>2</sub> emissions. Starting on 1 September 2018, the New European Driving Cycle (NEDC) will be replaced by the WLTP in stages. Owing to the more realistic test conditions, the fuel consumption and CO<sub>2</sub> emissions measured according to the WLTP will, in many cases, be higher than those measured according to the NEDC. For further information on the differences between the WLTP and NEDC, please visit our website. We are currently still required by law to state the NEDC figures. In the case of new vehicles which have been type-approved according to the WLTP, the NEDC figures are derived from the WLTP data. It is possible to specify the WLTP figures voluntarily in addition until such time as this is required by law. In cases where the NEDC figures are specified as value ranges, these do not refer to a particular individual vehicle and do not constitute part of the sales offering. They are intended exclusively as a means of comparison between different vehicle types. Additional equipment and accessories (e.g. attachments, different tyre formats, etc.) may change the relevant vehicle parameters, such as weight, rolling resistance and aerodynamics, and, in conjunction with weather and traffic conditions and individual driving style, may affect fuel consumption, electrical power consumption, CO<sub>2</sub> emissions and the performance figures for the vehicle.

<sup>2</sup> Please note the special information relating to wheels on page 14.
